To Whom It May Concern,

Thank you for your product donation to Visiting Nurse Service of New York. Your generosity is sincerely appreciated.

Established in 1893, VNSNY is the largest non-profit home health care agency in the nation. In 2007, we provided more than \$24 million in charitable care and community benefit, including care for nearly 8,000 uninsured and underinsured New Yorkers who had nowhere else to turn. This care alone is more than many other home care agencies provide in total.

Our organizational commitment to charitable care and the generosity of individuals, foundations and corporations like yours make these and other services possible.

Thank you for helping to make our mission a reality.

Sincerely,
